Dear Mahesh,

Time is flying. The New Horizons Class of 2021 is already over.

For sure, there have been times when you could not wait for the program to be finished, with all the extra effort and work to be done... But we think you took the chance to grow, learn and develop beyond your before known limits!

We want to take the chance to send you some final personal feedback:

Your development from a shy team member to a confident and visible presenter is really remarkable! It was wonderful to see you growing much more comfortable over time with the New Horizons and the virtual team activities, your increasing presence in all NH meetings.

You are such a warm and supporting character, next to the tech affinity! Great combination of detail orientation and team view. You are definitely an asset to your team - dare to speak up when having your own view even more - it will be appreciated.

And: We saw a great final presentation with your team!

Thank you for your energy and commitment, making this New Horizons Class a success – and also lots of fun! 😊

Best wishes for the future, stay in touch!

Josef, Jutta, Petra and Katrin

With kind regards
Katrin Stadelmaier
